### **Student Work and Likeness Release Form (Minor)**

#### ***Student Submitted Work***

I agree that all materials submitted to the staff of North Coast Distance Education School (NCDES) by the student or on the student's behalf will be licensed to NCDES under the [Creative Commons Attribution](#) license, unless explicitly stated at time of submission by the student, or the student's representative.

#### ***Student Likeness and Identification***

I further agree to allow NCDES staff to use and make recordings or images of the student to celebrate student success, and for educational purposes in newsletters, on the school's website, on the school's Facebook page and in online courses.

#### ***Temporary Exclusion***

I acknowledge that, should the student or the student's representative request it, NCDES staff will make reasonable effort to remove from the school's website and Facebook pages any images, videos or material which identifies the student, so long as doing so will not cause NCDES undue expense.
